EXHIBIT A. View of general area from south to north. Long Island Sound is in foreground at the bottom of photo and Thames River is in background at the top of the photo.

JUL 16 1979

EXHIBIT B. View of general area from north to south. Thames River is at the right of photo; Long Island Sound is at the top.

JUL 16 1979

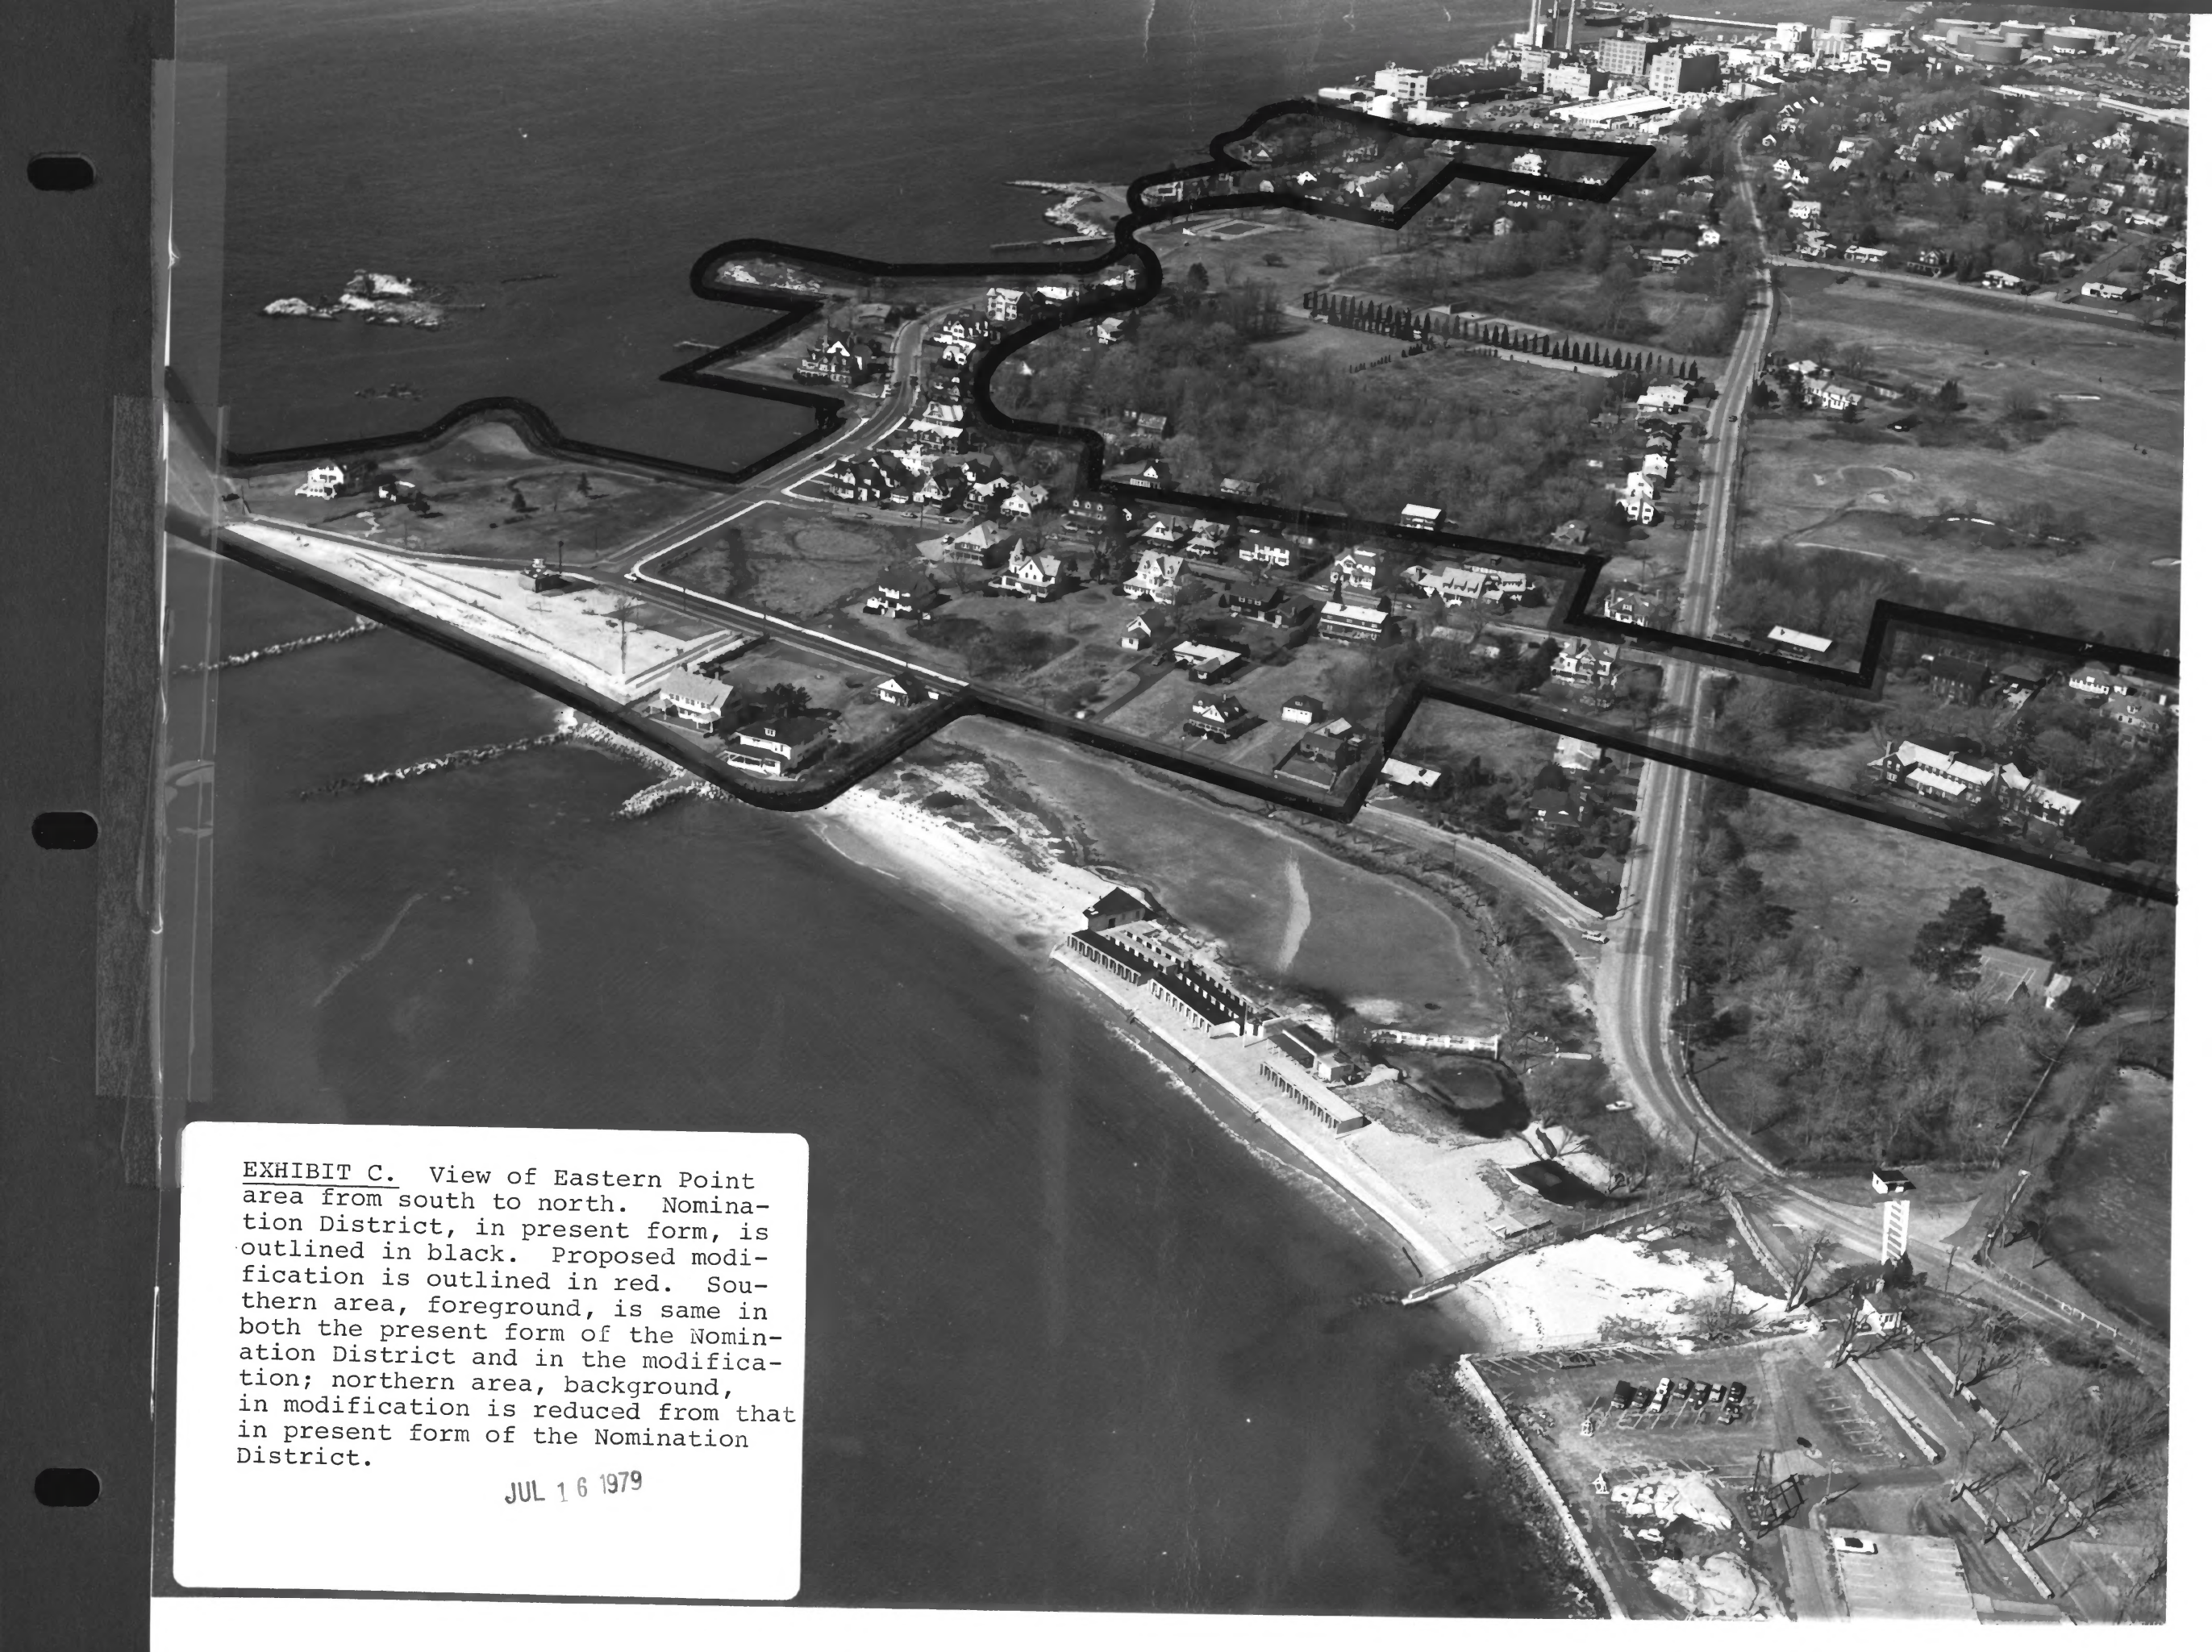

An aerial photograph of a coastal area, likely Eastern Point. The image shows a mix of residential houses, some with multiple stories, and larger commercial or institutional buildings. A prominent road runs diagonally from the upper right towards the lower right. The coastline is irregular, with several small inlets and points. A large, dark, irregular shape is outlined in black, representing the 'Nomination District' in its present form. Another, slightly different shape is outlined in red, representing a 'Proposed modification'. The foreground shows a sandy beach and some low-lying structures. The background shows more dense residential development and a larger body of water.

EXHIBIT C. View of Eastern Point area from south to north. Nomination District, in present form, is outlined in black. Proposed modification is outlined in red. Southern area, foreground, is same in both the present form of the Nomination District and in the modification; northern area, background, in modification is reduced from that in present form of the Nomination District.

JUL 16 1979

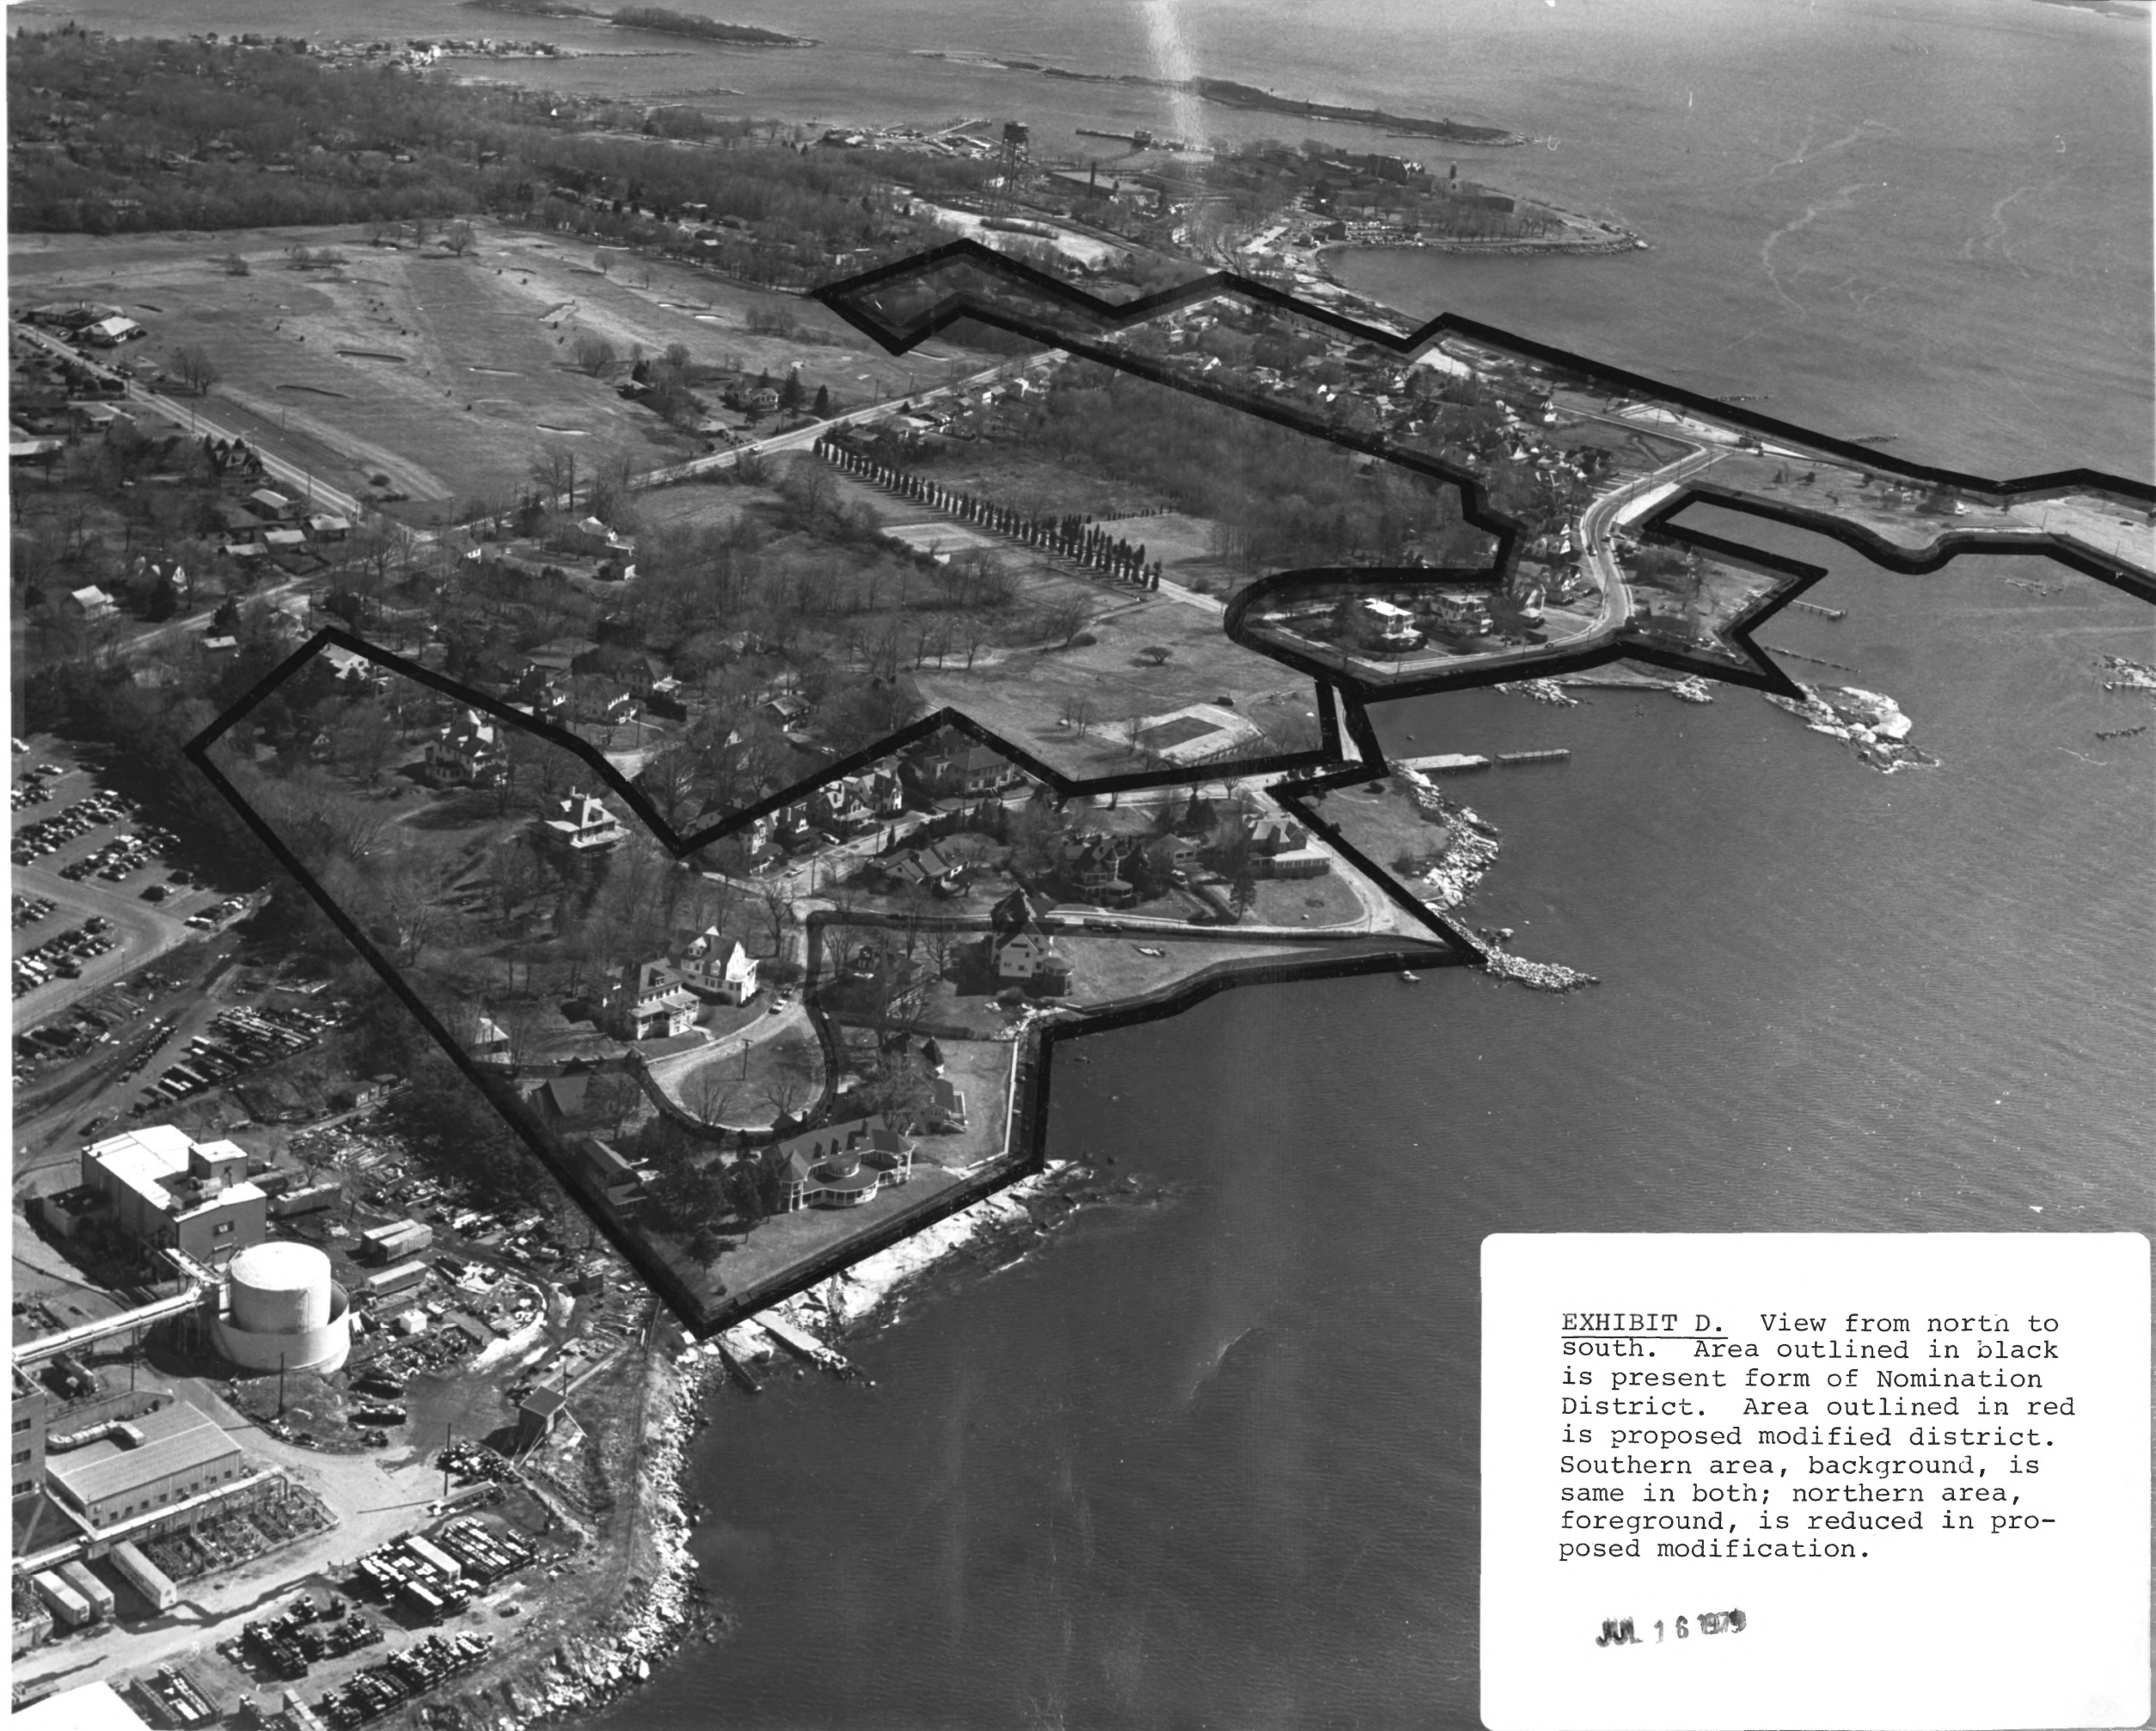

EXHIBIT D. View from north to south. Area outlined in black is present form of Nomination District. Area outlined in red is proposed modified district. Southern area, background, is same in both; northern area, foreground, is reduced in proposed modification.

JUL 16 1979

EXHIBIT F. Foreground shows Pfizer plant; background shows Eastern Point.

JUL 16 1979

EXHIBIT G. View from north to south. The properties outlined in brown are properties owned by Pfizer included in the present form of the Nomination District but not included in the proposed modified district.
